

# Telstra VVX 600/601 Phone Guide

The changes between the **VVX 600** and the **VVX 601** is a simple hardware refresh. There are no changes to the user functionality. This Phone Guide is based on Firmware **version 5.4.1**. Follow the instructions listed below to check your Phone Firmware version.

## VVX 600/601 phone

### 1. QSetup (Quick setup)

If you are required to initially configure your IP phone you will be advised of the Username and Password. This information only needs to be entered once via the QSetup soft key.

Tap the **QSetup** soft key

Tap the **Server User** field

Enter the Server User credentials (obtain this information from Telstra.

This number will be your phone number)

Tap the Server Password field

Tap the **Mode** soft key and tap **123** (to select numbers)

Enter the Server password (obtain this information from Telstra)

Tap **Save Config** to Save the Config

You will now need to manually reboot the phone

Press the **Home** button

Tap Settings

Tap **Basic**, swipe your finger up the screen and

Tap **Restart** Phone

Tap the **Yes** soft key (to confirm)

**Note 1:** Restarting the phone may take a few minutes

**Note 2:** If your phone has been preconfigured the **QSetup** soft key will not be visible

**Note 3:** This is only required for phones that are on DMS (Device Management System) platform.

### 2. Check your Phone Firmware Version

From the **Home** screen

Select **Settings**

Select **Status**

Select **Platform**

Select **Application**

Select **Main**

The Firmware Version will be listed on the screen

### 3. Camera

Your VVX 600 Media phone supports a Polycom USB camera with a Shutter to Open

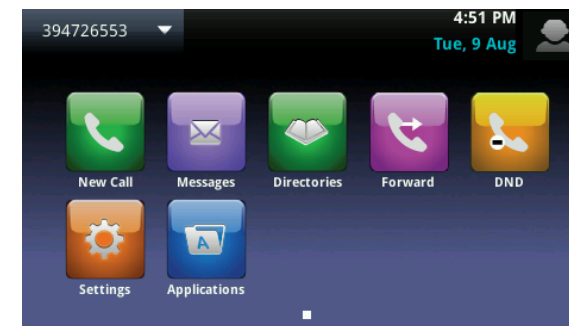

and Close

Slot on the back of your phone for Polycom USB camera

### 4. Home View

Home View shows the main icons:

**Some VVX 600/601 may also have a Redial icon configured**

To enter the Home View main menu, press

To return to the Line View, press

# Telstra VVX 600/601 Phone Guide

Tap an icon on the screen to select a menu item – New Call, Messages, Directories, Forward, DND, Settings or Applications.

Use the Page Indicator icon  if there are multiple pages to move through the pages

Alternatively, you can Swipe the screen to display additional icons

**New Call** – Tap **New Call** to display Dialler

Using the Dialler, you can enter a number or URL via the screen of the phone.

Tap the **Call** soft key to make the call 

From the DialPad, you can access the Directory, Recent and Favorites via the soft key tabs on the screen

**Messages** – Tap **Messages** to access your Voicemail Messages

**Directories** – Tapping the **Directories** icon allows you to view all the contacts in your Contact Directory, Recent Calls, BroadSoft Directory and UC-One Contacts.

From your Directory, you can add and search for contacts, as well as quickly accessing the DialPad, Recent and Favorites

**Forward** – Tap the **Forward** icon to enable/disable your call forward always, no answer or busy settings.

**DND** – Tap the **DND** icon to enable/disable **Do Not Disturb**. Calls cannot be received when enabled. You can also tap the **DND** soft key tab on the screen to enable/disable DND.

**Settings** – Tap the **Settings** icon to access features and settings to customise your phone

**Applications** – Tap **Applications** to view custom applications configured by your CGA

To return to previous screen, Press **Back**

## 5. Soft Keys

The VVX 600/601 has four soft key tabs at the bottom of the phone screen. Tapping the relevant soft key will access that feature.

## 6. Adjusting the Ringer, Handset/Headset Volume

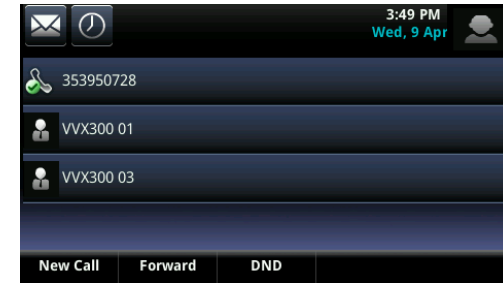

During a call, press the  to adjust the call volume

While the phone is idle, to adjust the Ringer volume, press the  volume buttons.

## 7. Line View

Line View is the default display.

Line View displays all your phone lines, your favorites and other soft key tab options.

If your phone is idle you can;

Tap the **New Call** soft key to access the dialpad

If your phone has calls, the phone line indicates the number of calls you have, and if they are active or held

An active call displays with a **green** background (right of the call)

A held call displays as seen below

## 8. Active Call View

This view displays the name and number of the person you are talking with and the duration of the call

From Active view you can *Hold, End Call, Transfer or Confrnc (Conference)*

## 9. Placing a Call

Using the handset

Lift the handset and enter the required number by using the phone keypad.

Using the speakerphone

**Enter a number**

Press the **Dial** soft key 

With the handset on-hook, press the **New Call** soft key, enter the phone number by using the phone keypad

## 10. Answering a Call

Lift the handset **Or**

Press the **Answer** soft key

Answering on a Shared Line

If you share a line with another phone, you can answer calls as described above, or you can wait for someone else to answer the call. If you answer the call and place it on hold, anyone who shares your line can resume the held call.

## 11. Ending a Call

Hang up the handset **OR**

Press the **End Call** soft key

## 12. Call Waiting

If the Call Waiting feature has been turned on, while engaged in a call:

Call Waiting tone indicates another call to your line.

Press the **Answer** soft key to switch to and answer the incoming call.

The initial call is automatically placed on hold.

By tapping on the required call you can toggle between the active and held calls.

On the held call tap the **Resume** soft key to resume your conversation.  
You cannot receive additional calls while both lines are engaged.

## 13. Placing a Call on Hold

On an active call

Tap the **Hold** soft key

**To return to the call**

Tap the **Resume** soft key

To make another call while the original caller is on hold

Tap the **New Call** soft key, enter the required number

**If multiple calls are on hold**

Tap the call on hold and select it and tap the **Resume** soft key

To join all three parties onto an impromptu conference call

With 2 calls in progress (1 call on hold and 1 call active)

Tap the **Join** soft key

## 14. Muting the microphone

While Mute is activated, you can hear all other parties, however they cannot hear you.

During a call press the mute button .  
(The mute button is illuminated in red)

To turn off mute, press the mute button  again

## 15. Transfer a call – Blind transfer

Blind Transfer enables you to transfer a call to another party without announcing the call prior to transfer.

During a Call tap the **Transfer** soft key

**Enter** the transfer destination number

Tap the **Transfer** soft key

Your call will be transferred.

## 16. Transfer a call – Consult transfer

Consult Transfer enables you to transfer a call to another party with consultation.

During a Call press the **Transfer** soft key

**Enter** the transfer destination number

When the party answers, announce the call

Press the **Transfer** soft key again to complete the transfer.

If the party refuses the call (prior to completing the transfer)

Press the **Cancel** soft key to be returned to the original caller.

## 17. Call Forwarding

There are 3 Call forward options which can be set from your handset using either soft keys or

Feature Access Codes; Call Forward Always, Call Forward No Answer, Call Forward Busy.

Call Forward Always activation

To forward all your calls to another number

Press the **Forward** soft key

Select **Always**

Enter the required number to forward your calls

Tap the **Enable** soft key

An arrow  is displayed on the phone screen next to your phone number.

Call Forward Always deactivation

Tap the **Forward** soft key

Tap **Always**

Tap **Disable**

Call Forward No Answer activation:

To forward your calls to another number if not answered after a specified number of rings

Tap the **Forward** soft key

Tap **No Answer** and select

Enter the required number to which to forward your calls

Tap **Forward After Rings** field and enter the required number of rings (20 rings is the maximum)

Tap the **Enable** soft key

To forward your calls to another number if you are engaged on a call

Tap the **Forward** soft key

Tap **Busy**

Enter the required number to which to forward your calls

Tap the **Enable** soft key

Call Forward Busy deactivation:

Tap the **Forward** soft key

Tap **Busy**

Tap the **Disable** soft key

**Call Forwarding is not available on Shared Lines**

## 18. Do Not Disturb activation

When you enable **Do Not Disturb (DND)**, you prevent your phone from ringing. All incoming calls are sent directly to voicemail. All calls received while DND is enabled, will be displayed in your **Recent Calls** list

From Home View

Tap **DND** icon

Or

From **Line** View

Tap the **DND** soft key tab 

The **Do Not Disturb** icon displays on screen

when enabled 

## 19. Do Not Disturb deactivation

From Line View

Tap **DND** soft key, the icon changes on the screen to display **Do Not Disturb** is disabled

Or

From Home View

Tap **DND**

The **Do Not Disturb** Service has been turned off.

## 20. Conference Calls

**While engaged in one call:**

Tap the **Confrnc** soft key

Enter the required number or extension of the second party

**When the call connects:**

Tap the **Confrnc** soft key

All parties are connected in a three-way call.

**To end the conference:**

Press the **End Call** soft key

**Note:** If either of the other two parties hang up, your call with the remaining party stays intact. If you hang up, the other two parties will be disconnected

**Note:** There can be a maximum of 3 parties on a conference call, unless you have the Executive service pack which has the N-Way feature which enables a total of 8 parties on a Conference call.

## 21. TIPT Virtual Meeting Room (VMR)

To organise a multipoint video conference, include your Virtual Meeting Room (VMR) phone number in your meeting invite.

To start the Video conference, as a Host (organiser)

Dial your **VMR phone number**

To start the conference, **press #**, then enter your **Meeting Room PIN**, followed by **#**

As a Guest (invitee) dial the VMR phone number at the time of the meeting

The conference will commence for all participants.

If the Host has not initiated the meeting the guest/s will be placed in a virtual waiting room until the Host joins.

## 22. Contact Directory

To add a contact:

Press **Home** and tap the **Directories** icon

Tap the **Plus** icon (at top right of screen) 

Enter **first name**, tap on **last name** and enter the detail tap on **contact** and enter the numbers

Tap **Save**

To edit a contact:

From Home View

Tap **Directories**

Tap the required contact

Tap the **Pencil icon** (edit) and make the required changes.

Tap the **Save** Soft Key

To Delete a Contact:

From **Home** view

Tap **Directories**

Tap the **Contact**

Tap the **Delete** soft key 

The screen will display the message “Are you sure you want to delete this contact?” Press **Yes**.

## 23. Call History

Your phone maintains lists of Missed, Received and Placed calls. Each list can hold up to 100 entries

Call History icons:

Missed Calls

Received Calls

Placed Calls

Tap the **Call History** icon to access the Call List.

To Delete a List

Tap the **Call History** icon 

Tap the **delete** icon 

Select the list you want to delete – All calls, missed calls, received calls, placed calls. The selected list will be deleted

## 24. Adding a Favorite
