Information about the service

Your plan includes:

- A Home Phone service
- A Home Broadband service

Service availability

Service not available to all areas, homes or customers. The type of service offered may need further qualification checks to determine what's available at your location.

We'll try to contact you if all of your services can't be connected, however if we can't get in touch you'll be connected to the lowest-priced plan(s). You'll be notified if this happens and if you're not satisfied you can cancel your order free of charge.

Broadband speeds

Broadband speeds vary due to a number of factors, including:

- Type of technology available at your address
- Any Speed Boost you may have purchased
- Network capacity
- Set up at your home (such as location of your modem and how the internet is used in your home)
- Whether your device is connected by Wi-Fi rather than Ethernet cable
- The number of users online, including if a Telstra Air member is visiting your hotspot

Typical nbn Fixed Wireless speeds will be lower than other nbn access types. For information on nbn speeds, visit [telstra.com/nbn-speeds-explained](https://www.telstra.com/nbn-speeds-explained). If your plan doesn't include unlimited data and you exceed your monthly data allowance, your broadband speed will slow to 256Kbps until the next billing cycle.

Information about pricing

Refer to the Plan Cost table. We may change the price of your plan in the future. If this happens, depending on the impact of the change we will let you know prior to the price change and you may have the ability to change or cancel your plan.

Other charges

In addition to the monthly charge, you may pay the following charges:

Connection charge	\$99 for new Telstra Home Phone or Home Broadband customers. Standard Professional Installation is included at no extra cost if we determine it is mandatory at your premises.
Standard Professional Installation	\$240 if you request a technician at your premises.
Connecting to the nbn network	nbn co charges \$300 for first-time connections in new developments and \$297 for an additional connection requiring installation of additional nbn equipment. We'll let you know if either of these charges apply to you and include them on your bill.
Non-standard installations	Separate charges apply for non-standard installations such as complex or remote area Foxtel from Telstra installations and additional connection points.
Telstra Wi-Fi Modem	\$216 if you wish to purchase a modem.
Delivery fee	A \$9.95 delivery fee may apply for customers taking up additional hardware such as a Telstra Wi-Fi Modem or Telstra TV@.

Changing or cancelling your plan

You can change to another plan within your plan range once a month while the plan range remains available to new Telstra customers.

There are no Early Termination Charges if you cancel your plan. However, you will need to payout the remaining cost of your Telstra Wi-Fi Modem (if you received a modem included in your plan) if you cancel your plan within 24 months of connecting, and any outstanding Hardware Repayment Option repayments will be payable in full.

Other Information

Access technology

We may change the technology that we use to provide your service from time to time. You must provide all reasonable assistance to implement the change. We will let you know before we make this kind of change, unless the change will benefit you or have a neutral impact on you and we do not require your assistance to implement the change.

Moving to the nbn network

Contact us if you wish to transfer to Telstra on the nbn network. If you don't, we'll continue to provide your service up until the date on which we're required by law to disconnect your services. No Telstra Wi-Fi Modem device payout fee will be charged in these circumstances.

nbn satisfaction guarantee

If you are moving to the nbn network with Telstra for the first time and you're not happy with your nbn services for any reason, let us know within 30 days of connection and we'll do our best to fix it or you can cancel your nbn services without penalty. We'll even refund your monthly plan fee for that first month. Find out more at telstra.com/guarantee

How can I check and manage my usage?

Register and login to My Account at telstra.com/myaccount or get the Telstra 24x7@ App on iPhone and Android.

Priority Assistance

Available for diagnosed, life-threatening medical conditions where access to a Home Phone service is essential. Connection will occur within 24 hours for urban and rural areas, or 48 hours for remote areas.

Understanding my bill

Your bill is issued on the same date each month. You're billed in advance for the minimum monthly charge, and in arrears for any usage not included in your plan. You may also be charged for individual services until all those in your plan are connected, so your first few bills may be higher or lower than expected. When you start or change your plan part way through a billing period, your first bill will have additional charges. If you receive an Order Estimate, your charges will be broken down for you, and it will provide you with your ongoing monthly charges after your first bill.

Fair Use Policy

You must comply with our Fair Use Policy and not use your services in an unreasonable or fraudulent manner or in a way that detrimentally interferes with the integrity of the network. We may take action if you breach the Fair Use Policy, including suspending or cancelling your service.
